NUMBER 111.

AGUINALDO GIVES UP.

Filipino Leader Subscribes to the Oath of Allegiance.

TEXT OF THE BINDING OBLIGATION.

Since His Imprisonment at Malacanang Palace Aguinaldo Has Been Studying Present Conditions—Part of MacArthur's Report a Secret.

Washington, April 2.—Secretary Root made public the following cablegram received at the war department from General MacArthur: "Since his arrival at Manila Aguinaldo has been at Malacanang investigating conditions in the archipelago. He has relied almost entirely upon the instructive advice of Chief Justice Arellano. As a result he subscribed and swore to the declaration on page 11 of my annual report."

The oath referred to is as follows: "I hereby renounce all allegiance to any and all so-called revolutionary governments in the Philippine islands and recognize and accept the supreme authority of the United States of America therein. I do solemnly swear that I will bear true faith and allegiance to that government; that I will at all times conduct myself as a faithful and law-abiding citizen of the said islands, and will not, either directly or indirectly, hold correspondence with or give intelligence to an enemy of the United States, nor will I abet, harbor or protect such enemy; that I impose upon myself these voluntary obligations without any mental reservations or purpose of evasion, so help me God."

Four asterisks in the cablegram mark a passage withheld from publication, about which the officials will say nothing.

Notwithstanding the taking of the oath by Aguinaldo he will be held as a prisoner by General MacArthur. It is possible he may be granted more liberty of action, but he will not be afforded complete freedom for the present. The action of Aguinaldo in taking the oath, it is believed at the war department, will have a far-reaching effect in the pacification of the Philippine islands.

Ripley's Case Called.

Frankfort, Ky., April 2.—The case of Captain Garnett D. Ripley, the Henry county captain of Taylor military company under indictment for complicity in the Goebel murder conspiracy, was called. The list of witnesses for the commonwealth indicates that very much the same evidence as that brought out on the trial of Caleb Powers is to be brought out with some new features relating to the Ripley case. So many witnesses on both sides failed to answer that the attorneys agreed to postpone the case and call it for trial next Tuesday.

Tennessee's Constitution.

Nashville, April 2.—The bill to authorize the calling of a constitutional convention was killed in the house in the vote, standing 44 ayes to 47 noes. A similar bill was introduced early in the session, but was put to sleep. The measure was then taken up and approved by the Democratic caucus, but several Democrats bolted the caucus action and defeat followed. This puts and end to the constitutional convention agitation for this session.

Chief Mutineer Shot.

Cape Coast Castle, Gold Coast Colony, April 2.—The leader of the men belonging to the West African regiment who recently mutinied because they were not returned to Sierra Leone at the time they understood they were to be sent home, was court martialed and publicly shot. The rest of the mutineers have been shipped to the island of Sherbro, 40 miles from Sierra Leone.

Colorado Legislature Adjourned.

Denver, April 2.—The legislature has adjourned sine die. The session expired by constitutional limitations at midnight, but adjournment was not until three hours later. Republican members entered protest against all measures enacted after midnight, including the new revenue bill, claiming that they are invalid under a decision of the supreme court.

Cabinet Meeting.

Washington, April 2.—The cabinet meeting was devoid of important discussion. The Venezuelan situation was not considered. The administration will await the arrival of Minister Loomis before deciding on further action. The session was devoted mainly to the discussion of army matters.

Winged in an Election Row.

St. Louis, April 2.—United States District Attorney Rosier was shot in the arm at a polling place. A row was in progress and Mr. Rosier received a shot that was intended for another. The wound is not serious.

APRIL ELECTIONS.

Democrats Carry Larger Cities of Ohio. Some Surprising Results.

Columbus, O., April 2.—The vote in Ohio was unusually large for the local elections of April. There were local option contests in some villages. The "drys" won at Lebanon, county seat of Warren county, and in many smaller places, but the "wets" claim they came out better than expected.

The Democrats won in the large cities, making their most notable gain in Columbus, where John N. Hinkle (D.) defeated Henry C. Taylor (R.) for mayor. Tom L. Johnson (D.) succeeded John Farley (D.) as mayor of Cleveland, and Sam M. Jones was elected for a third term at Toledo.

At Cincinnati there was no election. The Republicans won for minor offices at Dayton and elected M. L. Milligan mayor of Springfield, the first Republican mayor Springfield has had for eight years. Mr. Milligan is a brother-in-law of Senator Fairbanks.

With the exception of Cincinnati and Springfield the Democrats control all the large cities, but the Republicans made gains in almost all of the smaller cities and in the townships.

Huntington Brown, Republican mayor of Mansfield one term, was defeated for re-election by Thomas R. Robison, former city solicitor, and the entire Democratic ticket was elected.

Mayor Arthur Rowley and Marshal Sattig, Democrats, were re-elected at Norwalk, the Republicans carrying the rest of the ticket.

At Potosi, Mayor Hughes (D.), candidate for a third term, was defeated by G. W. Cunningham (R.).

The Democrats by a close margin elected Dr. J. L. Holden mayor of Zanesville, defeating Mayor Brelsford; re-elected Mayor John E. Smith at Piqua; elected Wallace D. Yapple mayor of Chillicothe, and carried almost the entire ticket at Sandusky, street commissioner being the exception, the election of John J. Molten for mayor being on a platform for wide open Sundays; J. G. Mader for mayor with other results mixed at Marion; James V. Vaughners for mayor and the entire ticket at Tiffin.

The Republicans made a clean sweep at Akron, with William B. Doyle for mayor; re-elected Mayor Robertson at Canton; Harry W. Mountain for mayor and the entire ticket at Iron-ton; re-elected Mayor John P. Means at Steubenville; Captain Creed Milstrad and the entire ticket at Portsmouth; Rev. George Matthews for mayor at Gallon; Robert J. Smith for mayor and entire ticket at Wooster.

Elections in Kansas.

Kansas City, Mo., April 2.—In this state the main issue of the local elections in Kansas towns of the third class was the question of "wet" or "dry," and resulted from the anti-saloon crusade inaugurated by Mrs. Carrie Nation. At Enterprise C. B. Hoffman, who supported Mrs. Nation, was a candidate on a "dry" ticket. He was defeated for mayor by J. E. Buhrer. At Salomon the entire "wet" ticket, headed by E. Z. Butcher for mayor, was elected by a good majority. At Hope J. B. Sellers (D.) was elected mayor, and the Republicans elected all but one member of the council. At Chapman J. W. Talbott was elected mayor. At Abilene the city election was quiet with only one ticket in the field, the temperance ticket having been withdrawn. P. H. Halleck, mayor, and the old administration were re-elected.

Michigan Elections.

Detroit, April 2.—Republicans were generally successful in the elections in this state. Robert M. Montgomery (R.) of Grand Rapids was re-elected judge of the supreme court. Frank W. Fletcher of Alpena and Henry W. Carey of Manistee, Republicans, were elected regents of the State university. Democrats elected their entire ticket in Jackson, which went Republican last year. John B. Whelan (R.) was re-elected police judge in Detroit.

Not in Custody

Frankfort, Ky., April 2.—In the criminal court the indictments against ex-Governor W. S. Taylor, ex-Secretary of State Charles Finley, Berry Howard and John L. Powers, for complicity in the Goebel assassination, were called, but continued, none of the defendants being in custody. The cases of Cul-ton and Green Golden, who were on bond, were also passed.

Election Quarrel at Chicago.

Chicago, April 2.—The first serious trouble over the election occurred shortly after noon, when Frank Hurley, a Democratic worker at the Twelfth precinct of the Third ward, was shot and seriously wounded by Thomas Moriarity, a Republican worker. Moriarity claims self-defense.

Louisville, April 2.—Near Pigeon Roost, Clay county, Thomas Gregory was killed by "Gig" Owens after a brief quarrel. Gregory's throat was cut. Up to the time of the quarrel the men had been life-long friends.

ALLEN COMING HOME.

Reported He Will Resign Office of Governor of Porto Rico.

MAY BE GIVEN HIS FORMER PLACE.

President Will Endeavor to Persuade Him to Remain at His Present Post—No One Yet Being Considered to Succeed Him.

Washington, April 2.—Charles H. Allen, governor of Porto Rico, who has left San Juan for Washington, is expected to tender his resignation soon after reaching here.

Mr. Allen will retire voluntarily. When he accepted the post, which he did reluctantly and only at the earnest solicitation of the president, he promised to remain there. The time is up and he does not care to remain longer, although the president will doubtless endeavor to persuade him to go back because of the work he has done, as well as the difficulty of filling the place. Governor Allen can have his old place as assistant secretary of the navy if he wishes, as it was understood when his successor was appointed it would be open to him on relinquishing control of the affairs of Porto Rico.

No names have been suggested as to Mr. Allen's successor, and possibly none will be until he has formally tendered his resignation.

Carrie Will Quit Lecturing.

St. Louis, April 2.—Mrs. Nation, of Kansas, arrived from Indianapolis and left for Kansas City. She said she was going home to attend to the cases pending against her. She says she will never lecture for money any more, as the lectures do not pay. "May be I'll smash," she said, "but I won't go on the lecture platform." While here Mrs. Nation visited two Market street saloons. In one she engaged in heated arguments with the bartender, and was finally forced from the saloon at the point of a loaded revolver by the proprietor of the place.

Texas Sentiment.

Austin, Tex., April 2.—The house of representatives referred to the committee on federal relations a resolution introduced by Mr. Phillips condemning General Funston and the government military authorities for the capture of Aguinaldo, and characterizing Aguinaldo as the George Washington of the Philippines. A substitute resolution praising General Funston for his bravery and congratulating him upon the success of his expedition was ruled out.

Vanderberg Resigned.

Louisville, April 2.—Announcement is made of the resignation of F. S. Vandenberg, vice president of the Louisville and Nashville railroad. It is believed he leaves to take service with a large eastern railroad. A. W. Graham of Louisville, who has been traffic manager, succeeds Mr. Vandenberg, and C. B. Compton, general freight agent of the system, becomes traffic manager of the road.

Oil City Tube Mills Started.

Oil City, Pa., April 2.—In accordance with orders received by the local managers of the National Tube company, the Oil City mills have been started. These mills were formerly operated by the Oil City Tube company, but have been closed since the formation of the trust. When going full 1,000 men are employed.

Murder or Suicide?

Memphis, April 2.—Mrs. Georgia O. Henegar, wife of T. F. Henegar, a barber, was found dead in the kitchen of their home with a bullet hole in her head. The husband is under arrest charged with murder. He denies the charge and declares his wife suicided.

Appeal for Winget.

Columbus, O., April 2.—McCoy post. G. A. R., will appeal to Governor Nash in behalf of David Winget, the old soldier under sentence of death for murder at Sandusky. This post took an active interest in securing a new trial for Winget after his first conviction.

High Price for Hogs.

Chicago, April 2.—At the Union stockyards \$6.25 per cwt. was paid for a few lots of prime heavy hogs. This established a new record for high market quotations. Receipts were again light and are expected to so continue for some time.

Big Redwood Deal.

San Francisco, April 2.—One of the largest redwood deals ever transacted in this state was made by Isaac Minor, sr., of Humboldt county. He purchased 20,000 acres of virgin redwoods of the best quality. The deal involves about \$1,000,000.

Sharkey to Meet Russell.

Denver, April 2.—Tom Sharkey has been matched to fight Fred Russell at the Colorado Athletic club April 26.

NEGOTIATIONS CONTINUE.

Yang Yu Having a Streak of Hard Luck. Russia Quite Independent.

St. Petersburg, April 2.—The superior councillor of the Chinese legation, Chu-We-Jie, is continuing the negotiations as charge d'affaires regarding the Manchurian agreement. The illness of the Chinese minister, Yang Yu, is now admitted to be due to apoplexy, which will incapacitate him from work, probably for a long period. It is said the loss of his estate through the destruction of a Chinese bank, combined with political cares, is undermining his health.

Unofficial observers scarcely understand how a doubt can possibly be entertained abroad that China will ultimately accept the Russian conditions after it is apparent that no power is willing to forcibly support China. For, it is urged, while Russia undoubtedly prefers to carry through her plans as made, her diplomatic position would suffer as little as her military position from China's refusal to accept what Russia regards as moderate conditions of withdrawal.

To Destroy Forts.

Peking, April 2.—Regarding the destruction of the forts the generals are practically agreed that those of Taku Shan, Hai Kuan and Tien Tsin must at least be rendered useless, while the north fort at the entrance of the river Taku must be destroyed entirely on account of the fact that ever since it was built it has caused lower water on the bar, having diverted the course of the stream. Merchants have frequently complained to the consuls, but no government has liked to ask China to destroy a fort at the entrance to an important river. It can now be done as a matter of military necessity, and will give foreign merchants intense satisfaction, as in consequence of its being done the river will in a short time be navigable to Tien Tsin.

Island for All Nations.

Berlin, April 2.—A Peking correspondent cables that China has agreed to the proposal of the powers to make the island of Kwang-su, near Amoy, an international settlement, modeled after Shanghai.

Ohio Incorporations.

Columbus, O., April 2.—Grafton Banking company, Grafton, \$25,000; Farmer and Merchants' Deposit company, Swanton, \$25,000; Cleveland Finance company, Cleveland, \$10,000; Hahn-Berno company, general wholesale, Mansfield, \$40,000; Krauss, Butler & Benham company, carpets, etc., Columbus, increase from \$100,000 to \$200,000; Putnam Telephone company, Ottawa, increase, \$40,000 to \$100,000.

Want Further Concessions.

Buffalo, April 2.—A circular addressed to the railway employees of the Buffalo, Lockport, Niagara Falls and Lancaster lines announces that a request will be made of the Buffalo Railway company for a 10½-hour day, 25 cents an hour for motormen and conductors and modifications of the company's discipline. The company Monday announced an increase of about 20 per cent per day.

Pittsburg Scale in Force.

Pittsburg, April 2.—The new mine scale went into effect Tuesday. It gives general satisfaction, although there is dissatisfaction in some parts of the district. All fears of a strike in the Irwin district for the enforcement of the Pittsburg scale were dissipated by the action of the men themselves. A largely attended meeting adopted resolutions accepting the 65-cent scale of the operators.

Wage War at East Liverpool.

East Liverpool, O., April 2.—A vast amount of building in progress here is likely to be brought to a complete standstill. All the painters and decorators and hod carriers have struck and a strike of carpenters and joiners is probable. With a strike of warehouse women at the potteries local labor circles bid fair to be disturbed for some time to come.

Organizers Not Satisfied.

Irwin, Pa., April 2.—The men in the entire Irwin field, Greensburg and Herminie are at work. Organizers say the decision of the men to accept the local scale will not change matters. The attempt to have Pittsburg scale adopted will not be given up.

Miners Locked Out.

Hazleton, Pa., April 2.—At the Oneida colliery of Cox & Co. 603 men have been locked out. The company wants the miners to report earlier for work, but the men refuse to do so. No movement has been made for a settlement of the matter.

Sharon Steel Hoop Mill.

Sharon, Pa., April 2.—The Sharon Steel Hoop plant at South Sharon is completed and will go into operation this week, giving employment to several hundred men. Orders enough are booked to keep the plant in steady operation six months.

J. P. MORGAN'S SCHEME

Promoting the Panama Canal as a Private Enterprise.

CONFERENCE WITH SENATOR HANNA.

Wants the Government to Drop Canal Project—Morgan's Friends Have Heard of the Venture But Morgan Flatly Denies It.

Washington, April 2.—It is stated that J. Pierpont Morgan is behind a scheme to persuade the United States government to abandon its plan of building a canal across the Isthmus of Panama and permit private capital to take up and finish the work already accomplished on the Panama canal by a French company.

Mr. Morgan, accompanied by James J. Hill, president of the Northern railway and chief stockholder of the Northern Pacific, came here and had a conference with Senator Hanna at the Senator's home. It is understood that Messrs. Morgan and Hill will endeavor to interest President McKinley in their project.

It is understood that a syndicate headed by Mr. Morgan and Mr. Hill has secured at a very low figure a majority of the stock of the Panama company and is now in absolute control, not only of the affairs of that corporation, but of its property and franchises as well.

Morgan Denies It.

New York, April 2.—Charles R. Flint when asked regarding the report that J. P. Morgan had formed a plan to buy the Panama canal said: "I have heard something of it, though nothing definite. I know nothing definite. I know nothing about it myself." Mr. Morgan denied that his visit to Washington was in any way connected with the affairs of the Panama canal, or that he had any intention of visiting the property, as was reported in dispatches from Washington.

Valet Jones Testifies.

New York, April 2.—When Albert T. Patrick was brought into Justice Jerome's court for a continuation of the preliminary hearing on the charge that he had caused the death of William M. Rice of Texas, David L. Short and Morris M. Meyers, the witnesses to Rice's will, who are held on a charge of forgery, were brought in with him. Startling disclosures made by Charles F. Jones, Mr. Rice's valet, accused of being an accomplice of Patrick. Jones testified that Patrick asked him whether he did not think Rice was living a little too long for their purposes. "I said I thought so," said Jones, "and Patrick suggested that we put him out of the way. I suggested Dr. Curry, but Patrick said Dr. Curry would not do anything of the kind." Jones said that at Patrick's suggestion he procured chloroform and laudanum from his brother in Texas and delivered it to Patrick, about three weeks before Rice's death. He also testified that Patrick was never introduced to Rice; that Rice never saw Patrick but once, and did not know Patrick when he saw him.

New York Boy Kidnaped.

New York, April 2.—After vainly running out every clue the police have become convinced that Willie McCormick, jr., 10, who disappeared Wednesday night, is the victim of a kidnaping plot. He was never known to be away from home after night. His habits were good and there was nothing to drive him away from home. It is thought he is being held in New York City. Willie is the son of a retired florist living in Ogden avenue, Highbridge, and has 11 sisters. His mother is prostrated by grief.

Member of Parliament Unseated.

London, April 2.—The court which heard the election charges against Frederic Rutherford Harris, former secretary of the British Chartered South Africa company and recently member of parliament for Monmouth, who was accused of corruption during the parliamentary campaign, unseated Mr. Harris on the ground that he published false statements regarding his opponent. Mr. Harris, who was a Conservative, was the confidential agent of Cecil Rhodes. He defeated A. Spier, Liberal candidate.

Kitchener's Report

London, April 2.—Under date of Pretoria, April 1, Lord Kitchener reports to the war office as follows: "Plumer has occupied Nylstroom, French has captured three guns on the lower Pongola and 31 prisoners have been captured in the Orange river colony. No casualties."

Gold in Norway.

Christiania, April 2.—Gold has been discovered near Arendal, on the Skaggerack, 36 miles northeast of Christiansand.

At the municipal elections in Ohio this week the Democrats came out victorious in the big cities. They carried Columbus, Springfield, Toledo and Zanesville and many of the smaller cities. Tom L. Johnson was elected Mayor of Cleveland by about 6,000 majority, though most of the remainder of the Democratic ticket was beaten. "Golden Rule" Jones made his third successful race for Mayor of Toledo.

According to the new census figures, the total number of farms in the United States has increased from 4,500,000 in 1890 to 7,000,000 in 1900, and those operated by tenants have increased between 40 and 45 per cent., while those tilled by their owners have increased between 15 and 18 per cent. An exchange accounts for this as follows: "The increase in tenants is confined chiefly to the older and well settled districts, while the increase in owners is found in the new sections. This is easily accounted for. Many owners retire to the cities and towns late in life and rent their farms. On the other hand, most of those who invest in farms have only moderate amounts of money, and therefore go to new sections of the country, where land is comparatively cheap."

THE CHILDREN'S HOME SOCIETY.

Professor Wines, an authority on criminal matters, is responsible for the statement that five-sevenths of our criminals were homeless. There are said to be six hundred thousand homeless children in the United States. What is to become of this vast army of homeless, helpless childhood?—a present burden and a threatened curse to society! Benevolent citizens, like Geo. W. Childs, vying with the churches in liberality, have poured out their thousands, erected great structures and established grand institutions that have done noble work. Work of that character is still in progress; but homelessness is progressing at a more rapid rate. What can be done about it? The Children's Home Society gives fair promise of solving that problem.

Organized fifteen years ago, this society has so unostentatiously pursued its benevolent course that many of our readers may not know of its existence. It is a nonsectarian organization, now chartered by twenty-eight States, to care for homeless, dependent and needy children by placing them in good private homes, and guarding them till they reach maturity. This is done by dividing a State into districts, appointing a superintendent over each district, with a State Superintendent over all; and by organizing local advisory boards, first in the larger towns and afterward throughout the county precincts, till the State is thoroughly organized. These all look for proper homes, for children needing homes, adapt the one to the other, and, watching over the child after placement, change them, when needful, to other homes.

In every State where the work has been fully developed, more families have been found wanting children than children needing homes. Hence, when this system is fully developed throughout all the states and territories, it will be capable of saving every homeless child in America. So feasible have been the methods of the Children's Home Society, and so efficient have they proven when applied, that prominent men have taken positions on the State Boards and have given their aid and influence to the work. Indeed, the system, wherever introduced, has elicited the approval of benevolent and statesmen-like people.

Organized in Kentucky four years ago, the society now has over 300 children under its care, and in comfortable homes, while the National society, organized fifteen years since, has spread into about twenty-eight States and has cared for nearly 17,000 children.

Those wishing further information can confer with John Walsh, Esq., President of the local board at this place, or with Rev. R. E. O'Byrne, Newport, Superintendent of the Eastern District of Kentucky.

Among its many curious products South Africa includes the "sneeze wood" tree, which takes its name from the fact that one cannot cut it with a saw without sneezing, as the fine dust has exactly the effect of snuff. Even in plain wood it sometimes causes sneezing. No insect, worm or barnacle will touch it. It is very bitter to the taste, and when placed in water it will sink. The color is light brown and the grain very close and hard. For dock work, piers or jetties it is a useful timber, lasting a long while under water.

Swindle on Farmers.

Manila hemp, the best fibre for binding twine, carried from the Philippines, sold in New York in 1898 at \$72 per ton, in 1899 at \$117, and in 1900 at \$180. It is said to be worth \$23 to \$26 in Manila, and sometimes has sold as low as \$6 at auction when seized as property of insurgents. The imports of last year were 41,920 tons, valued at \$7,687,293; in 1899, 50,684 tons, valued at \$6,617,338; in 1898, 48,388 tons, valued at \$4,160,439. "Here is a swindle on our farmers that should be stopped," says the Country Gentleman. "A sub-committee of the Senate Military Affairs Committee is to investigate the reported combination of Federal office-holders for controlling the output of Manila hemp. Several millions of dollars has been absorbed by somebody in increased and exorbitant profits, coming largely out of the pockets of farmers."

HIS CONSCIENCE

Wouldn't Let Him Rest Until He Paid for the Feed He Had "Sneaked" From Col. Fleming.

[Flemingsburg Times-Democrat]

Col. T. M. Fleming says he believes in that sort of religion inculcated by Mrs. Harrod, who has held meetings in various parts of this county, and of whose meeting at Mt. Carmel we had notice last week. And the reason for such faith on the part of Col. Fleming, who has never made any very elaborate profession of interest in matters religious, is thus given by him:

On Monday a gentleman who stands well in the county as a good citizen (but whose name it is not necessary to mention here) approached him and requested a private interview. It was granted and the gentleman began by saying that he owed Fleming for a number of horse feeds which he had gotten out of Fleming's stable without paying for on court days and other public days, and that since he had attended the meeting of Mrs. Harrod and been awakened to the sinfulness of such conduct his conscience would not let him rest until he had made restitution. That he had no means of knowing just how much was justly due Col. Fleming, but that it would not exceed \$5, which amount he tendered. At first Col. Fleming declined to take the money, but upon the gentleman insisting that it was necessary to his peace of mind that he should do so, he consented to take it. He then hunted up R. T. Marshall, of Mt. Carmel, and announced himself a believer in a religion which had so practical an effect, and handed Mr. Marshall \$1 to aid Mrs. Harrod in carrying on her work.

The remains of Miss Margaret O'Bannon, who died at the home of Dr. Andrew O'Bannon, at Elizaville, were interred at Mt. Carmel.

The formal announcement of City Clerk J. L. Daulton as a candidate for reelection appears elsewhere in the BULLETIN. A Custom

OF THE AGES.

Is that on Easter Day the beautiful shall predominate, for it is the outward manifestation of an inward beauty testifying of a universal sentiment of gladness and good will.

In none of the departments of beautifying on this day is there such marked effort as in personal adornment.

Ordinarily, the effect desired to be produced is not the gaudy nor the elaborate, but correct or rather the esthetic in personal costuming.

In order to produce this triumph effectively, one of the most necessary and even indispensable factors is the neat and dressy Shoe. Without this the otherwise most tastefully appareled man or well gowned woman utterly fails of the effect sought, and disappointment, at the least, follows.

It affords us pleasure to be able to announce, at the approach of the Easter occasion, that there need be no apprehension concerning proper and elegant foot covering; it may be found in unlimited variety at prices lower than ever known for CASH at the closing assignee's sale of

ALL PROFESSIONS

May be Required to Pay a Franchise Tax Hereafter in the State of Ohio.

[Enquirer.]

It is probable that the much-mooted question of taxing all franchises will be brought before the next Legislature in some tangible form.

The matter of a franchise tax has long been considered favorably by many well up in tax matters, and has been receiving considerable attention of late. The idea in its present form is to place a franchise tax upon all professional men, such as doctors, lawyers, ministers &c., who, as a rule, are said to own but little real estate, and pay but little or no taxes.

In speaking of the matter, ex-State Senator John B. Washburn, a member of the City Decennial Board of Equalization, said:

"That is my idea exactly. I favor a tax of not less than \$25 per year upon all such professions for their franchises. It would be only right and just, and, in fact, an equalization of the taxes among the people. I am an advocate of the franchise tax."

Quite a number of other prominent property owners spoke in the same strain, and it is understood that as an outcome of the present agitation a bill authorizing the franchise tax will be framed and placed before the next Legislature.

"Enoch Arden"

The melodrama of "Enoch Arden," by Richard Struss, was dedicated to Ernst von Posart, one of the greatest actors on the German stage. Von Posart has given it upon various occasions, accompanied by Strauss, and the composition has grown famous and familiar abroad.

Among the musicians of this generation, Richard Strauss stands for the most advanced ideas expressed with a luxury of harmonies and a dramatic intensity that has made his the most interesting personality of the day. He has found Tennyson's "Enoch Arden" a plastic medium for the expression of his genius. Opening with a prelude in G-Minor, representing the dashing of the waves on the English coast, the somber tone thus set is immediately relieved by the themes of the girl, Annie Lee, and her two boy lovers, Philip Ray and Enoch Arden. These four themes, reinforced by several others, among them that of Enoch's love for Annie, and her grief at his departure upon his disastrous voyage, are all worked together in a masterly way, as the tragedy unfolds itself. Philip's theme is transformed into his wedding march, while through her troubled mind Annie seems to feel the presence of Enoch Arden, who, shipwrecked and alone on his tropical island, is haunted with a fear of what is actually happening. Enoch's sustenance through faith in the Almighty is exquisitely shown in a choral-like melody. Compared with the simple grandeur of the choral theme, the distorted combinations of the preceding themes when he returns to his home and sees the happiness of his wife with Philip are remarkable and effective, and combine to make this work a valuable, novel and interesting contribution to the musical literature of the day.

DOUBLE MURDER.

Pennsylvania Suspected of Killing His Mother and Brother.

Sunbury, Pa., April 2.—A double murder was committed at Klines Grove, a small country village a few miles from this city. The murderer is believed to be John Gulick, 32. The victims are his mother, Mrs. Amy Gulick, 68, and his brother, Philip, 27. Gulick has disappeared and a search for him is being made.

Harry Moore, living on an adjoining farm, heard the shots and hastened to the Gulick home. Mrs. Gulick was found lying on the floor of the kitchen, and the son was found in the barnyard with a bullet hole near his heart. Both had been instantly killed. What led to the commission of the crime could not be ascertained.

At the Y. M. C. A. meeting at Lexington Sunday, addressed by the eloquent Fred B. Smith, fifty young men expressed their intention to unite with some church and lead a Christian life.

Mrs. John Moore and son Arthur, of Pendleton County, returned home Thursday from a visit with her sister, Mrs. Dora Sweet, who has been quite sick, but is much improved.

Charlie Skoupe is suffering with the measles. The heavy rain Monday of last week was a veritable cloud-burst in some portions of the neighborhood, being confined to a very narrow limit and doing much damage by washing the ground. Sleepy Hollow creek and Ball's run were raging torrents, sweeping everything before them, while Kennedy's creek was only slightly swollen.

Weede Breeze and family, who made a move recently in the neighborhood, had a regular house-warming Sunday. Twenty-nine relatives and friends in all were present, including the ten in number of their own family.

Miss Laura Browning received a telegram last Tuesday, to the effect that a very dear friend was thought to be dying, and she left immediately for her bedside in Indianapolis.

Miss Ida Knight, of Washington, was a guest at the Bell Hotel from Friday till Sunday and attended our commencement.

The commencement exercises were indeed a credit to our little town, showing forth the efficiency of our teacher, the pupils doing her honor, by acquitting themselves so creditably. Some who have a far-reaching knowledge of such work, say they never saw pupils of their age do so well. Three diplomas were awarded, to W. A. Williams, Harry Tucker and Jennie Critchfield. The writer wishes for these bright young lives a place of renown, and may no discouragements meet them on their road to higher intelligence. The church was beautifully decorated for the occasion. The evening throughout was a decided success.
